Dear Hamilton,

Town & Country Planning Act 1990 (as amended) s211 Notice

Prior Notification of Work to Tree(s) in a Conservation Area

Development: During previously approved work on trees on our property (Ref AW/154/19/TC & AW/166/19/TC) a Fir tree on the boundary of our property with No 9 which is in a poor state was discussed with our tree surgeon and neighbours. (Point F on the enclosed sketch plan - 11 The Drive Tree Works 2019 Sketch plan.pdf). This tree has been in a poor state for some time with most of the greenery having gone and recently this has gotten worse. (See attached photo - 11 The Drive Fir Tree May 2020.jpg) It is in an area of the garden where we previously had to have several fruit trees removed due to honey fungus, which might be causing the issue.

Our tree surgeon recommended that it be cut down as it is not going to regenerate and could become dangerous.

We do not plan to replace the tree partly due to its position so close to a wall but also due to the presence of honey fungus, having been previously advised in the case of the fruit trees that new trees would be infected as well.

Location: 11 The Drive Aldwick PO21 4DU

Thank you for your application submitted via the internet on 12th May 2020. It has been downloaded and will be checked for validity by the Technical Support Unit. It has been allocated the reference number **AW/114/20/TC**.

Once your application has been checked we will contact you again.

This letter does not confirm validity of the application/documentation submitted.

Yours sincerely

Neil Crowther

Group Head of Planning
