Dear Mrs Manning,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Tree Preservation) (England) Regulations 2012

Application for Works to Trees(s) subject to a Tree Preservation Order(TPO)

Development: TREE IDs -As per previous section:
Willow Tree No 1 (at front of property): TPO No TPO/AW/44/10 - Tree ID: T-499.
Willow Tree No 2 (approx 1/3-way down our front garden): covered by Blanket
Preservation Order 'TPO Bognor No 2 (1958)'.

PROPOSED WORKS

Maintenance work (regeneration cut back) to both trees, reducing height and width to previous 'knuckles' by method of pollarding. Work exactly the same as described in my last application AW/336/19T (approved 20th February 2020). Namely, reducing height and width of Willow Tree No 1 (T-499) to: 4.6m and 3.7m respectively and Willow Tree No 2 (covered by TPO Bognor No 2) to: 6.7m and 4.6m respectively. This work will be carried out by a local tree surgery specialist. We have been advised that both trees should be managed following an established cycle, whereby all regeneration growth is cut back to the previous growing points every five to six years. T-499 is sited adjacent to/overhanging a public pavement in Aldwick Road and should not be allowed to develop a large crown. The second, larger, tree has grown considerably since last pollarded (in 2020) and now poses a risk of interference with overhead communication lines to our property.
