Amber

I visited this property today. The subject tree is a Norway maple not sycamore as described (although they are similar) and growing between the shed and fence, at the location shown on the applicant's plan. I am satisfied this is the tree they are applying to work on.

I do not consider it old enough to be included within the Area Order (Bognor No.2), nor is it listed/shown on either of the two other Orders relating to this property (TPO/AW/215/10 and TPO/AW/217/10).

As such, we could now advise the applicant to proceed?

For interest, I would not have refused permission to fell this tree, were it the subject of an Order.

Let me know if you need any further information from me.

Regards,

Mark
