I visited this location on 26th June 2020 and was able to make adequate assessment of the cherry trees subject of this application.

I have undertaken a desktop review of Tree Preservation Orders which may affect this plot. My understanding is that only Bognor No2 (Area Order) could apply.

I am confident that neither tree would have been established at the time that Order was made (1958). Furthermore, I do not believe these trees are of sufficient public amenity value to justify the making of an individual Order to preserve their place in the landscape and/or control their management. Therefore, I conclude our consent to carry out the proposed work is not required.

My recommendation is that the applicant be advised to withdraw their application and proceed without further recourse to this Authority.
