Dear Ms. Moore,

Thank you for your email.

The larger of the two branches is on the west side of the tree. The smaller branch is on the east side of the tree.

I would like to make it clear that we do not intend to take anything off of the top of the tree.

I have spoken with the tree surgeon and he has said perhaps a better way to describe the work is that we intend to reduce the lowest limb back by 2-3 metres.

The smaller limb will be reduced to a similar size.

I hope this clarifies what we intend.

Please do let me know if you require anything further.

Yours sincerely,

Scott Markham
