See sketch plan included with the application.

T1 Sycamore 12-13 metres high and the spread is approximately 5-6 metres spread. Permission is being sought to reduce the tree crown height by 2 metres to 10-11 metres and with a reduction of the spread by 1-2 metres to 4-5 metres. We would also remove several areas of dead branches.

The trees have been discussed with **R.S. LANDSCAPES**, who are likely to undertake the work.

Yours Sincerely
