Subject: tree felling in conservation area

Dear Sirs

We live in a conservation area and would like to fell a diseased cherry tree that is in our front garden. Please see details below.
We do not believe this particular tree is covered in the blanket tree preservation order covering the estate as it is not old enough.

Address:
Kings Lawn
38 Kingsway
ALDWICK
PO21 4DL

Tree: Cherry Blossom
Age of tree: approx 10-15 years old
Location: in front garden - please refer to attached map (tree.pdf)
Work to be done: tree to be felled
Reason: diseased (honey fungus)
