

Hi Iqraa (and planning responses)

I attach the three drawings that are without scale marked on them now with that scale. Note Drawing A265-22-05 Scale is in the title already just in case you do not spot it.

I sincerely hope this is the last of the technical issues and that the planning can be put as live. I have not amended the drawing numbers for such a small item of change and also so Letter remains valid.

Regards

Garry J Taylor MRICS

Good afternoon,

Thank you for providing the additional information.

However, this application is still invalid as whilst you have stated the scales of all the plans on the cover letter, the stated scales must also be listed on the plans. Once this has been amended, we will be able to make the application valid.

Kind Regards
Iqraa Malik

CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

Further to your request in your letter 4th May 2022 I attach the following amended drawings and revised planning letter

- A. Revised Planning letter with additional/amended drawings listed
- B. Revised Drawing A263-22-04A now with distance to all boundaries in metres
- C. A new drawing A263-22-05 Existing Part side (RHS) Elevation

I hope this is sufficient for the application to now for the application to go live.

Best Regards
