If the trees are protected by a TPO, if possible please number them as shown in the First Schedule to the Tree Preservation Order (for example T3 Oak; two Beech and one Birch in G2; seven Ash in A1; sycamore in W1).

Trees and proposed works:

Monterey pine - number 21 on plan attached to TPO (1 tree).
The application is to fell this tree.

You might find it helpful to consult a tree surgeon to clarify what needs to be done.

Please state the reference number you have given the plan:

RT 1

8. Trees - Reasons For Works

This section only needs to be completed if you are seeking consent to trees under a Tree Preservation Order (TPO)

Please state the reasons for carrying out the proposed works on the tree(s):

We have no particular wish to remove the tree but unfortunately it is extremely close to adjoining bungalows in Hunters Close, Aldwick Bay. The tree affected by this application is one of the few trees covered by the TPO that survived the 1987 and 1990 storms. An application to fell this and three other pine trees was made in 1988 but was withdrawn when the Council's Arboriculturalist (Mr Everson) indicated that there was no horticultural reason to fell the trees. Three of the trees covered by the earlier application were subsequently lost in the 1990 storm. We have remained extremely concerned at the proximity of the remaining tree to the adjoining bungalows. It is unfortunately a massive monterey pine and should it fall in a westerly direction the consequences to the adjoining bungalows could be disastrous. Given the amount of rainfall of late, and the threat of continuing bad weather, we feel it is unreasonable to subject our neighbours in Hunters Close to such potential danger.

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the documents specified.

Health or safety of the tree(s) - e.g. it is diseased, fears that it might break or fall:

☒ Yes ☐ No

If Yes, information required - report by a tree professional (e.g. arboriculturist, horticultural adviser).

Alleged subsidence damage:

☐ Yes ☒ No

If Yes, Information required: Full report by an engineer or surveyor, together with one from a tree professional - to include date and description of property damage; sub-soil type and shrinkage potential; location of any roots found and their identification; history of ground and building movement through a distortion survey and/or level or crack monitoring over suitable period; other vegetation in the vicinity and its management since discovery of the damage.

9. Trees - Additional Information

Are you providing additional information in support of your application?

☒ Yes ☐ No

If Yes, please provide the reference numbers of plans, documents, professional reports etc in support of your application:

We have obtained the advice of Mr W D Hackman of Blue Cedar Tree Surgeons (a subsidiary of Southern Roof Clearance). His Report reference RT2 is attached.
