Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

☐ Yes ☐ No

Do you know the Tree Preservation Order reference number(s)

☐ Yes ☐ No

Please enter the title or number for each relevant Tree Preservation Order

BOGNOR NO2. (Blanket order covering the area)

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

☐ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☐ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')?

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species

5. Identification of Tree(s) and Description of Works

- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

Please see attached location plan. The tree (believed to be a 'Atlantica Glauca') is located to the front of 27 Chawkmare Coppice. The tree requires hanging limbs to be removed and minor reduction in height. The large hanging limbs have become dangerous and the tree has grown large enough to cause damage to neighbouring property in the event it were to fall. The proposed works consist of a 20% crown reduction, reshaping which will also improve the aesthetic value. Please see attached elevation for indicative image of proposed works.

Additional Information as Requested (21st April 2021): The tree height is 12-14m and the spread is 8-10m.

6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☒ Yes ☐ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
