Ms Malik,

Thank you, I can confirm we are happy for you to proceed on the A4 scaled drawings. I don't believe we need a copy thank you. I trust you now have everything you need?

I thank you in anticipation and look forward to hearing from you soon.

Regards

**Brian Stanley**

Dear Ms Stanley,

We have converted the plans for you to A4 and they now measure to scale. However, could you please confirm you are okay with us using these plans? Along with this, do you want a copy of the amended plans for reference?

Furthermore, we have made a note of the block plan issue and will let the planning officer know once this application has been validated.

Kind Regards  
Ms Malik

Dear Ms Malik

Thank you for your email.

I'm not entirely sure what to do. The paper I drew it on was A4 and the scanner I used was A4. At least that's what I set it as.

It was drawn to scale using a ruler with the scales on that someone gave me to assist.

The boundaries: if you are happy to amend them, that would be perfect, thank you. As I previously mentioned, the block and location plans we purchased make it look as though we are end of terrace, but we aren't, if that helps? Our utility room is built up to our fence line.

Many thanks indeed for your help. It is much appreciated.

Best regards  
Sarah Stanley

Dear Ms Stanley,

Thank you for providing the updated plans.

Unfortunately, this application is still invalid as the block plan requires dimensions from the proposed extension(s) to all site boundaries. Please amend, or with your permission we can amend this for you. Along with this, the plans aren't measuring to scale however this could be due to the fact they've been submitted them at the wrong paper size. Please confirm the paper size and we can amend it and see if it scales up.

Kind Regards  
Ms Malik

Dear Ms Malik

Thank you for your request for more information. I have done my best as a complete novice to provide you with the documents you require. Unfortunately, I have no previous experience of drawing plans and have tried to look up and use some of the conventions to make the plans more easily deciphered, but you would be the best judge of how well I have achieved this. I am more than happy to answer questions you have either by email or by mobile 07786 165546.

It is a simple flat roofed extension for a downstairs shower and steam room for which we will be using the existing drainage. We will be employing an experienced building company and will be abiding by all current building regulations. It will be in keeping with the existing building and utility extension. Access to the property will be by a side gate.

I would like to point out that although the map, which was purchased from a recognised map provider, shows that our house is joined to next door, in actual fact, the property is fully detached, as are all the houses in this part of the road, so our change to the extension will not affect next door's building.

Many thanks for your consideration in this matter. We look forward to hearing from you at your earliest convenience.
