Dear Ian,

I have two applications for the above site.

AW/123/11/T covers 4 no. Holm Oak trees. When you visit the site can you inform me if these are old enough to be covered by TPO/2/58. If not, I will have to amend to a notification TC.

the second notification AW/124/11/TC covers 2 Bay trees and 1 Cupressus Macrocarpa (Goldcrest). Would these be old enough to be covered by TPO 2/58 as I would have to amend to a T application.

Regards

Janice
