Dear Sir

Proposal: Application for the variation of Condition 2 (approved plans) for the demolition of existing church and erection of 10 No new terraced houses with associated car parking and landscaping.

Site: Former St Michaels and all Angels Church, Queens Fields East, Aldwick, PO21 5RN.

AW/123/14/PL

Thank you for your letter of 07/05/2014.

Southern Water has no objections to the above variation of condition submitted by the applicant.

The comments in our original response dated 06/01/2011 remain unchanged and valid.

Yours faithfully

Dear Sir

Proposal: Demolition of existing church and erection of 10 No. new terraced houses with associated car parking and landscaping.

Site: St Michaels and All Angels Church, Queens Field, East West Meads, Bonor Regis, West Sussex PO21 5RN.

AW/295/10/

Thank you for your letter of 04/01/2011

Southern Water requires a formal application for a connection to the public sewer to be made by the applicant or developer.

We request that should this application receive planning approval, the following informative is attached to the consent:

"A formal application for connection to the public sewerage system is required in order to service this development. Initiate a sewer capacity check to identify the appropriate connection point for the development".

The Council's Building Control officers or technical staff should be asked to comment on the adequacy of soakaways to dispose of surface water from the proposed development.

The planning application form makes reference to drainage using Sustainable Urban Drainage Systems (SUDS).

SUDS systems usually have a significant land take and it is not clear how the SUDS facilities can be accommodated within the proposed layout. Before the proposed layout is approved, we advise that the applicant/developer give consideration to

ensure that the proposed means of surface water disposal can be accommodated within the proposed layout.

Under current legislation and guidance SUDS rely upon facilities which are not adoptable by sewerage undertakers. Therefore, the applicant will need to ensure that arrangements exist for the long term maintenance of the SUDS facilities. It is critical that the effectiveness of these systems is maintained in perpetuity. Good management will avoid flooding from the proposed surface water system, which may result in the inundation of the foul sewerage system.

Thus, where a SUDS scheme is to be implemented, the drainage details submitted to the Local Planning Authority should:

- Specify the responsibilities of each party for the implementation of the SUDS scheme.
- Specify a timetable for implementation.
- Provide a management and maintenance plan for the lifetime of the development.

This should include the arrangements for adoption by any public authority or statutory undertaker and any other arrangements to secure the operation of the scheme throughout its lifetime.

We request that should this application receive planning approval, the following condition is attached to the consent: "Construction of the development shall not commence until details of the proposed means of foul and surface water sewerage disposal have been submitted to, and approved in writing by, the Local Planning Authority in consultation with Southern Water".

For further advice, please contact Atkins Ltd, Anglo St James House, 39A Southgate Street, Winchester, SO23 9EH (Tel 01962 858688), or www.southernwater.co.uk.

Yours sincerely
