Subject: 9 Copthorne Way, Aldwick

Ref: AW/123/18/HH

Dear Sirs

Further to your letter today requesting additional information we enclose the following:-

- Survey and Proposed elevations with correct compass directions (note N and S were transposed) – SU-01A & PL-03A
- Revised Site/Block Plan showing dimensions of extension to the boundary and revised North point – PL-02A

We hope that this now allows you process this application.

It was understood from a conversation my client had with the duty planning officer that this development was Permitted Development. However after further telephone conversation with your planning department it was decided a planning application was the easiest and quickest way to be able to get this confirmed in writing rather than a Certificate of Lawfulness. Therefore once a Planning officer has been appointed please can you emphasise this to them to save you the additional work of going through the standard Planning process and enable my client to start work asap.

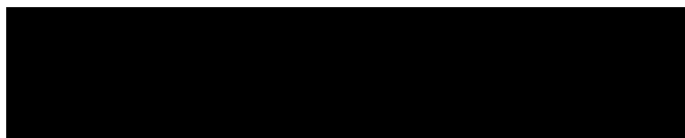

Regards

Simon
