Dear Mr Binns,

Thank-you for your email which has brought to my attention the wrong description. Unfortunately my manager has advised that it needs to be re-advertised as it cannot be approved with an incorrect description. I am aware that it was mentioned during validation however unfortunately it was not amended and does now need to be changed.

I am able to put new site notices up today, however the earliest decision would now be the 12th July. Due to this I also ask for an extension of time until Monday 16th July to allow for the re-advertisement and for my managers to sign it off.

Please let me know if you agree to this.

Thanks and I apologise for the mix up.

Ref Application - AW/123/18/HH

Dear Amber

I was just checking the progress of my client's application and noticed that the description was not amended when I made a mistake with the labelling of the elevations which was changed before registration. The 2no rooflights should be on South Elevation.

I hope this will not delay the application as all the drawings are correct, as my clients are wishing to progress asap.

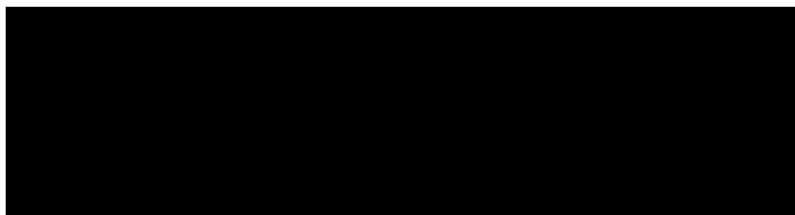

Regards

Simon
