Subject: Application AW/125/19/T

For the attention of Nicola Moore,

I refer to the letter regarding the above application from Neil Crowther, dated 29 April, which due to an oversight, I am late responding to.

You have raised two queries, which I am able to answer below:

- Crown lift clearance – A minor crown lift of 1M is sought
- Crown thinning – Up to 30% thinning is sought

I appreciate that the deadline to respond of 13 May has been missed. Please let me know if a full re-application is required.

Regards

Christina Stuart
