Subject: AW/130/18/OUT - Land to the rear of 34, 36, 38, 40 & 44 Carlton Avenue Aldwick PO21 3LR

EH comments in relation to AW/130/18/OUT

Having now evaluated the proposed development and formulated my conclusions I would state that based on the requirements of the NPPF and NPPG, this development falls into category 2 (below):

- ~~1. No comments~~
- 2. Conditions or Informatives requested**
- ~~3. Refusal recommended~~

I therefore put forward the following;

Demolition / Construction Phases

Conditions

To minimise the potential of complaint of dust / noise / lighting the following condition should be applied to the application:

1. No development shall take place, including any works of demolition, until a Construction Environmental Management Plan has been submitted to, and approved in writing by, the Local Planning Authority. The approved Plan shall be adhered to throughout the construction period. The Plan shall provide for:
 - a. An indicative programme for carrying out of the works
 - b. The arrangements for public consultation and liaison during the construction works
 - c. Measures to minimise the noise (including vibration) generated by the construction process to include hours of work, proposed method of piling for foundations, the careful selection of plant and machinery and use of noise mitigation barrier(s)
 - d. Details of any floodlighting, including location, height, type and direction of light sources and intensity of illumination
 - e. the parking of vehicles of site operatives and visitors
 - f. loading and unloading of plant and materials
 - g. storage of plant and materials used in constructing the development
 - h. the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
 - i. wheel washing facilities
 - j. measures to control the emission of dust and dirt during construction

- k. a scheme for recycling/disposing of waste resulting from demolition and construction works

Reason: To protect the amenity of the neighbouring sensitive dwellings

Informatives

1. The granting of this planning permission does not in any way indemnify against statutory nuisance action being taken should substantiated complaints within the remit of the Environmental Protection Act 1990 be received.
