Dear Mr Truman,

I will amend the application to delete the Holly tree. The advertising date has just expired and a decision has to be made by the 4th September 2013. Hopefully, I will be able to make a decision by the end of the week and you will get an e-mail to this affect.

Regards

Subject: Application Number AW/134/13/T

In view of the contents of your e mail regarding the above application, would you please remove the Holly Tree from the application. Although the Holly Tree in our opinion looks uncared for and a mess, the Leylandii trees are our immediate concern. Can we please instruct a Tree Surgeon to remove these as soon as possible?

We will look at the Holly Tree after another years growth.

Yours sincerely

Mr & Mrs Truman

Subject: AW/134/13/T - Fell 3 no. Leylandi trees and crown reduction of 1 no. Holly tree by 2m and reduce branches by 2m-3m.

Dear Mr Truman,

I have just received the comments from the Council's Arboriculturist in respect of the above surgery to the trees. Whilst he has raised no objection to the removal of the 3 Leylandi trees he has raised an objection to the reduction of the crown to the Holly tree. As the tree is of significant public visual amenity the proposed surgery would diminish the visual amenity of the tree. There may be scope to have the overhang lower crown lifted to provide clear access for pedestrians if this is causing a problem.

In view of his comments the application cannot be approved. If the Holly tree were to be removed from the application or amended to a crown lift by 2.5m from ground level then the description could be amended and approved.

Please advise.

Regards
