Subject: 33 Balliol Close Westmeads

Dear Sir/Madam

I do hope this is the correct email address, if not please let me know and I shall forward to the appropriate contact.

I write to you concerning recent planning for 33 Balliol close. My husband and I would like to object to the extension in our close, on the grounds that we believe it would spoil the whole estate. The new planning will overlook gardens, reduce light into surrounding bungalows and look out of place in this area.

There is also a fear amongst a few close knitted neighbours, that once completed the house would be split into 2 properties almost like a maisonette, crowding off road parking. It will be an eyesore.

Should you need any further personal information from us, please let me know.

Thank you for your consideration,

R.D & S.E Cundle
