Dear Sir/Madam

We would like to object to this ***Single story side and rear extension with rooms in the roof !!! ???***

Surely this is a **massive double storey** extension which is a **vast overdevelopment** of this single storey bungalow surrounded by **single storey** bungalows so would be not relate to the surrounding properties.

This application is totally out of step with the Aldwick Parish Council's **Parish Design Statement** June 2015 (pages 68 - 71).

If this should be passed which we hope it will not be, it will mean turning a bungalow into a **house** thus resulting in the loss of yet another bungalow, and seeing that very few if any new bungalows are being built which serve a very important need for people who need a single storey home because stairs have become a problem due to getting older, infirm, disability etc.

Passing this application would set a extremely bad precedent for anyone contemplating doing likewise so we ask you to please reject this application on the grounds above.

Yours faithfully
