Hi Simon

Please find attached a revised site plan plus a new drawing showing the proposed bin collection area in more detail. Please can you confirm that this is sufficient to respond to this concern?

Thank you.

Hi Jane,

If you can provide a 'zoomed in' section of the layout plan to show the bin collection point area clearly labelled as such and also provide a specification of a standard wheelie bin then I can word a condition to require that wheelie bins and a bin collection point are provided in accordance with submitted plans. This would still require a condition but it wouldn't require details to be submitted for approval.

Kind Regards
