Ext: [REDACTED]

Dear Mrs Baxter,

I am writing in relation to your letter and phone call regarding AW/13/18/T at 1 The Drive.

I have spoken with the Arboriculturist and he was happy to receive your letter and see that you wish to look after the trees.

He advises that he cannot specifically recommend when an application would be suitable as it purely depends on the growth of the specific trees. Following his site visit he states there are no Arboricultural justifications to conduct any works at this time and that the trees are healthy. He would always suggest a wait of 2 years until another application is submitted in which he can then reassess the tree condition.

If the trees condition were to change at any time then an application could be submitted sooner however, at this current time, the trees are healthy and there are no needs for any proposed works to take place.

I hope this answers your questions and if you need more information please contact me.

Yours sincerely

Miss A Willard
