

My apologies, but in checking my calculations, I have made an error with the height of tree T3. It's height after pruning will be 10.5m, not the 14m quoted. I estimate it to be currently about 12.5 metres tall.
My apologies again.

Alison Terry

In response to your enquiry, I estimate that the height of the trees after pruning will be:

- T1 - 10m
- T2 - 13m
- T3 - 14m
- T4 - 6.5m

Our intention is to restore the trees to the size they were at last pruning.
I hope this gives sufficient information, but please let me know if there is anything further.
Kind regards
Alison Terry
