Dear Sirs,

Please find attached site location and block plans in respect of the above following drawings already forwarded to you and should be pleased if you could attach these with the aforementioned drawings in order to complete the application.

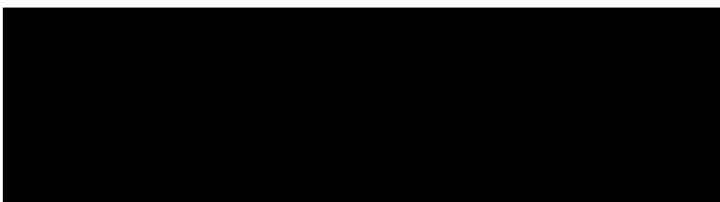

I understand that this comes under the remit of permitted development, although we are submitting for full planning permission. Is there any way that this can be expedited - possibly under delegated matters - to receive approvals as soon as possible?

If you have any queries or require any further information please let me know.

Yours faithfully,

Christopher Barrow
