Dear Planning

I wanted to inform you that we plan to fell the following 4 dead/dying trees on the Aldwick Bay estate.

1. Cherry on the verge outside 39 Regis Avenue
2. Cherry on verge outside 233 Manor Way
3. Mountain Ash on verge outside 91 The Fairway
4. Midland Thorn on verge outside Tideway, West Drive

Trees 2 – 4 were identified as dead/dying by our Tree Inspector, John Rodwell during his inspection in May this year.

Tree 1 was identified as dead/dying by our estate arboriculturist, Richard Sinclair.

I have attached a document with a photograph of each of the trees.

We plan to have them felled in September and we will of course replace the trees with a new suitable native tree.

Please don't hesitate to contact me if you would like any further information.

Yours Sincerely

Peter Hill

Estate Director
