Subject: Lawful Development Certificate - Ref AW/152/20/CLP Mr Gee & Ms Leeves

Dear Nicola Moore

With regard to the above application which we have been advised you are validating for us, we received communication yesterday that you require the following:

Resubmission of the Location Plan because the red edge is not clear And An incorrect measurement on the floor plan which requires an amendment

Can you please advise how we send these to you as I was of the understanding that you are not accepting any paperwork in relation to applications? If we are able to post these to you can you please confirm the best address for us to use.

We are extremely keen to not cause any further delays as this is very important for us.

Thank you in advance for your reply
Kindest regards

Tracy Leeves and Gerald Gee
