Dear Mr Ostler,

Thank you for your letter. I note that the design of the proposed wall is shown on the submitted streetscene drawing (dwg. TSP 481 PL25 A) and its dimensions can be scaled from this using the online tool. Furthermore, the application form indicates that new boundary walls will be constructed from brick. If permission was granted, a condition could be imposed requiring details of all materials including for the wall.

Kind Regards

Dear Sir

Will you please receive and post on the website this further objection by CHECAA to AW/155/17/PL which calls for a fully detailed construction plan of the proposed front wall, including all dimensions and materials it is proposed to use including materials and colours of any gates, bricks and the like.

Kind regards,

Richard Ostler, Chairman, CHECAA
