Importance: High

Dear Mr Davis,

Further to comments made by your Arboriculturalist, please find attached revised drawings.

The main changes are as follows; -

- The existing site access has been retained.
- The existing landscaping to the frontage has been retained.
- The proposal is to replace the existing timber close boarded fence, with a timber picket fence, utilising the existing concrete post positions.
- The House has been slightly re-aligned to allow for the above, but still maintains the required back garden distances & also provides good separation from the houses on either side.

We trust this will allow you to now progress the application to a decision & would be grateful for confirmation of the proposed committee date.

We will forward under separate cover, revised information from Lizard Landscapes.

Regards

David Seaman
