Technical Support Unit on extn. 37711

21st May 2019

Dear Robert Lock

Development:

Mimosa - T1 Fell, growing at alarming rate and far too big for setting. When we moved into the property in Dec 2011 the trunk was around 10cm wide. It is now in excess of 30cm, making it over 1mtr in circumference. The tree has been pruned in 2014 and 2017. Some branches have put on over 5mtr in some places. It is overbearing and causing excessive shading to my garden, and my neighbour's garden. It is in the corner of my rear garden and will not effect the street-scene of the area.

Location:

15 Wychwood Close Aldwick
