Dear Maria,

I am writing to introduce myself, as I note that you are now the Case Officer for our Planning Amendment request.

We have just noticed that the Yellow Application Amendment note, has been placed on the beach access gate next to our house.

I am surprised to see that the application only mentions our home (no. 11) and not the other properties on the sea front that have breached the splash wall. To my knowledge there is at least one and possibly two more that have the same gap as us.

If we are being made to provide a flood gate, then surely the others have to as well? I must mention again that this breach had been made, long before we purchased the property.

I cant help but think that we are being made Scapegoats.

I will be interested in hearing your thoughts on this.

Kind regards

Sandy White
