Subject: CHECAA FURTHER OBJECTION to AW/159/13 - 78 Barrack Lane

Dear Sir

Further to our letter of objection to this application for the construction of a garage abutting Barrack Lane, we now attach two photographs.

Each shows, variously, a long evergreen hedge in the garden, which will be destroyed by the placement of a garage there and, also, the magnificent trees in the garden of 76 Barrack Lane which are adjacent to the diving fence from No. 78.

The roots of those trees, undoubtedly protected by TPO/BR/2/1958 and/or more recent TPO's, do not belong to the applicant and are to be retained.

They will all - trees and hedging - be very seriously harmed or, more likely, killed if this development is allowed.

We ask again that the District Arboriculturalist be asked to inspect and report upon this and that the application, please, be **Refused**.

Kind regards,

Richard Ostler, Chairman, CHECAA
