Comment from Greenspace

Further to submission of Site Plan dwg no 200, which contains a suitably proposed landscape scheme in terms of species choice, planting density and size at time of planting. **Please request from the applicant for clarity the actual quantity of the planting and hedgerow numbers being proposed** (both laurel and native hedgerow) Once these quantities are confirmed I see no reason not to recommend the discharge of Condition 8 on application AW/159/19/DOC.

Condition 8 relates to landscape scheme and does not relate to no-dig or tree protection measures.
