

14 Aldwick Gardens
Aldwick
BOGNOR REGIS PO21 3QT

Ms Zoe Toppin
Case Officer
Planning Application AW/161/21/T
Arun District Council Planning Office
6 June 2021

Dear Ms Toppin

Comments regarding Planning Application AW/161/21/T

I am writing to you as Case Officer requesting my comments be added to the fore-mentioned application documents.

These long-established trees were planted against the boundary and also overhang the rear gardens of both numbers 14 and 16 Aldwick Gardens.

Whilst welcoming the height and lateral reduction I would request that permission for any lateral reduction apply to all sides of the trees.

These trees were last cut back five years ago but only on one side which has left the corner tree, in particular, unbalanced on my side of the boundary. It's long flailing branches already overhang my property by 7 metres and worry me in strong winds.

I have spoken with Mr Taylor expressing my desire to reduce the width of the trees on my side (and on behalf of my neighbour at number 16) by the same 2.5 metres to restore overall shape and balance after his side has been completed.

I also asked his permission to undertake this work and suggested using the same Tree Surgeon engaged by Mr Taylor (since he knew and trusted him). Mr Taylor was happy with this proposal.

Yours sincerely

Rob Burge
