Proposed Tree Felling

Fell 1 no. Acer Platanoides ('Crimson King') tree (within the Aldwick Conservation Area).

Dear Sirs,

106 Manor Way
Aldwick Bay
Bognor Regis

We wish to remove an Acer platanoides 'Crimson King' which has become very large and outgrown its situation. It is located on the western boundary of our back garden, about 2½ metres from buildings to its north, and less than 3 metres from a mature Silver Birch to its south.

We understand that this work may go ahead after a period of 6 weeks from your receiving this notification, unless we are informed otherwise.

Yours faithfully,

Helen C. Hutchings

MR. & MRS. D. J. HUTCHINGS
