Subject: Re: Planning Objection and Invitation

Dear Georgina,

Thank you for your letter and information regarding your proposed new venture. I think your proposals will fill a vital need in caring for young families and is admirable and very necessary.

I see that Aldwick Parish Council's Planning Committee objected to your proposal! I no longer sit on this Committee and cannot comment why they reached this decision!

The street in question has many different types of accommodation including retail, family homes, hotels and care homes. Your type of venture would not seem out of place to me.
The area in question has a set precedent for different establishments and your change of use is not out of character with the street.

Some twelve months ago the National procedure for Planning applications changed and the final decision is now made by the Planning Officer at Arun District Council, who makes the decision based on Planning Laws/Legislation. Previous to this Parishes had a greater input but this has changed, for the better in my opinion.

Personally, I can see no viable reason why your request should not be passed by the Planning Officer (irrespective of the APC Planning Committees comments). You are located in a suitable area, comply with relevant legislation, are providing a valuable service to the community and are needed.

I would be amazed if this application was not granted.

I wish Ambient House a long and successful future in providing essential care when it is most needed.

Yes I would like to visit you and will see you at 6.30pm on Friday 4th August next.

Stella Coppard
Vice Chair
Aldwick Parish Council
