Dear Sir/Madam,

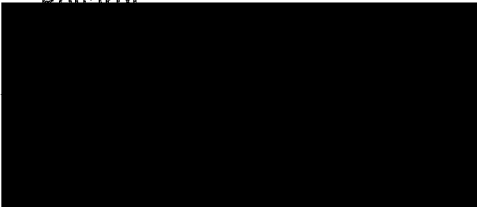

Re:- Enclosed Planning Application for Works on Tree with TPO.

I would like to give a brief summary of the background to the enclosed application.

The tree is owned by our Residents Association (**Strange Garden Management Company Limited**) and is located on Common Land, therefore no single individual owns the tree. I am the Chairman of the Residents Association and am making the application on their behalf.

The purpose of applying for permission to prune the tree, is that the tree Canopy is now obscuring the Street Light located between the properties known as Malmaynes, **PO21 4AL** and Pebble Beach, **PO21 4AL** and is significantly reducing the lighting level on the road.

Regards

George McDonald
