

Meeting with Mark Warwick (Arun DC) 15 July 2020 at 7 The Drive, Bognor Regis

1. Agreed that we should apply for planning to fell the Holm Oak tree due to the damage being caused by the roots to the properties entrance driveway and brick walls.
2. Further agree that no engineer site inspection was required as the damage to the driveway & brickwork was clearly obvious from his visit.
3. We also agree to plant a new tree on the properties grass verge in place of the tree to be felled (type of the new tree to be agreed)
