PLANNING POLICY GUIDANCE

------	------------------------------------

POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with regard to:

The Development Plan consists of the Arun District Local Plan 2003.

Paragraph 214 of the NPPF ensures that specific policies in Arun District Local Plan 2003 can carry weight. The weight afforded to the policies with Local Plan policies can be assessed according to their level of consistency of the various policies with the National Planning Policy Framework. It should be noted that the NPPF states that weight is given to individual policies and not to the plan as a whole.

NPPF Paragraph 216 confirms that weight can be given to policies in emerging plans following publication. The Council published the Draft Arun Local Plan in July 2012 and this is a material consideration in the determination of this planning application. A pre-submission Plan has yet to be endorsed and published. Following publication of a pre-submission draft, there is required to be a formal public consultation, resolution of objections, examination and formal adoption. At this time, the emerging Local Plan is afforded very limited weight in terms of the decision making process

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that it would have no materially adverse effect on the visual amenities of the locality or the residential amenities of the adjoining properties, nor would it have an adverse impact upon the established character of the surrounding area.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

The application seeks permission for the construction of a small kitchen extension on the rear of the building. The extension is required to provide additional kitchen space for the community hall which is currently limited with the modest extension providing the space required by users of the building.

The proposed extension is to be flat roofed and finished in brick to ensure visual integration with the main building. The new structure would relate well to the existing building without any harm to the visual amenity of the locality. In addition the position of the extension to face onto a public recreation ground means that there would be no impact upon the existing neighbouring uses.

It is therefore recommended that the application be approved subject to the conditions set out below.

HUMAN RIGHTS ACT

Human Rights Act:

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect and a private family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal a neutral impact has been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).
