For the attention of Mr Simon Davis, Planning Officer

Dear Sir

Work on TPO Tree Ref: AW/179/15/T

I refer to your call of earlier today and to the prior visit by the tree officer. He advised he would prefer to reduce the canopy by only 2 metres rather than the 2.5- 3 metres sought. At the time we advised we would find that acceptable as we had only been guided by contractors. We are therefore content to have the "2.5- 3 metres" replaced by "2 metres".

We trust this will enable you to confirm that the work can take place.

We would add that if your tree experts would come out initially then this situation would be avoided as expert advice would guide us to request an acceptable proposal initially. It would not have meant any additional visits, just at an earlier stage. We as residents do after all pay the salaries of these experts employed by the Council and should therefore be able to call on their services to guide us.

M J Hampton
