PLANNING APPLICATION AW/I81/16/HH

Dear Sir

We wish to register our formal objections to the above planning application on the following grounds:

The proposed cladding is in direct conflict with and contravenes previous statements concerning Marquis Way.

The Planning Officer made the following statement in relation to a previous application AW/200/11: The estate is a private residential estate comprising of detached dwellings of identical character and design.

Other Planning Applications have only been granted with the condition that the materials and finishes to the external walls and roof shall match in colour and texture those of the existing buildings.

The above application seeks to change the character of the estate by using a different finish, namely cladding, which is contrary to previous decisions and statements made by the Planning Department

I would ask that you take these views into account when the planning department make their decision.

I look forward to hearing from you.

Yours sincerely

Stuart Turner

Frances Turner(Mrs)
