To: Planning Dept, Arun DC.

Planning ref AW/181/15/HH

Dear Sirs: I strongly object to the above application, which I view as self-serving, opportunistic and socially insensitive.

Marquis Way is only 20 years old. It is not in need of an overhaul, or of highly individualistic - indeed, whimsical - external remodelling of properties one by one.

I am the newest owner-resident in Marquis Way (May 1, 2015) and would not like to see its character or aesthetic harmoniousness compromised on a whim.

Further, I believe the application would contravene the planning precedents and history of Marquis Way, and should be rejected.

Yours Sincerely
