Dear Sir,

Planning Reference Number AW/181/15/HH

I write to object to the above application in the strongest possible terms.

My house No.8 is one of the four closest houses to the proposed development.

In his report AW/200/11 the Planning Officer described the estate as "a private residential estate comprising of detached dwellings of identical character and design".

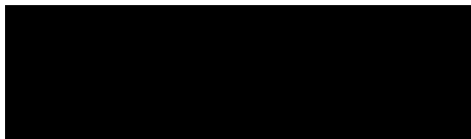

The latest proposal can not be described as being sympathetic to the existing locality and would make this house completely out of character with the remainder of the estate and will have an adverse effect on the appearance of the estate.

In the case of my own planning application AW/200/10 the application was granted with a condition (3) "The materials and finishes of the external walls and roof of the extension hereby permitted shall match in colour and texture those of the existing buildings. The reason, quoting the Planning Officer, "In the interests of amenity in accordance with Policy Gen7 of the Arun District Local Plan.

In summary my objections are:-

1. The proposal will make the building completely out of character with the remainder of the estate.
2. The proposed alterations to the exterior will have a negative impact on the appearance of the estate.
3. The proposal is in direct contravention of the planning history of the estate.

Yours faithfully
