Dear Sir,

Planing Application No AW/181/15/HH

I write to say that I strongly support the proposed changes to 11 Marquis Way.

The owner is trying to make it a sustainable eco home for the future in place of what is a drafty cold house that will need constant maintenance.

The decision to place cladding on the exterior has not been made on a whim as has been suggested, but to enable the home to be better insulated and protected from the elements.

These sea front properties protect the homes behind; as such they should be allowed to protect themselves in the most effective manner. On a lighter note I think it will bring a touch of understated colour to what is otherwise uniform estate.

From what I can see, there seems to be a great resistance to any change all be it change for the better.

Yours Sincerely

S White

Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.
