Sian,

I have added the dimensions to my plan and will issue asap, however I can't seem to work out what dimension you are after with your comment 'And finally one from the porch to the other side boundary is measuring in at 14m'

Are you able to do a rough mark up on a plan and email it to me please? I will then add it to my plan.

Kind regards,

Michael Wood

Dear Mr Wood

Thank you for your email. However a few further dimensions are required:

A dimension is required from the side extension to the rear boundary. Accordingly to my measurements it is around 17m from the side extension to the side boundary.

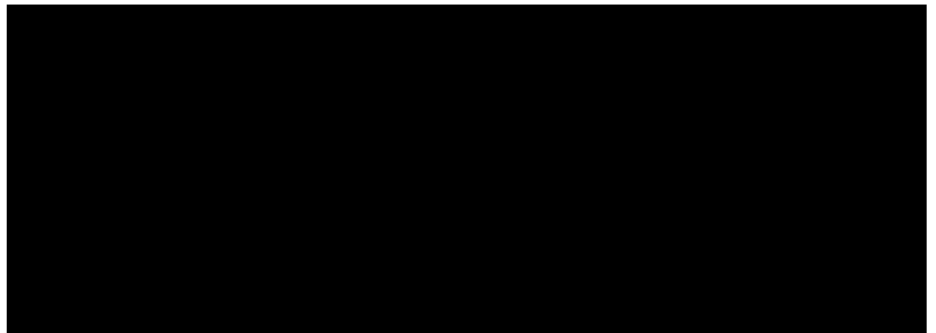

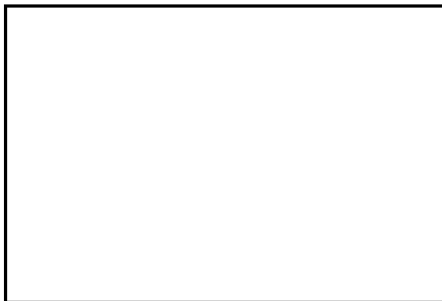

A dimension is also required from the proposed garden room to the front boundary this is measuring at around 12m.

Another from the garden room to the main dwelling measuring at around 8m. And finally one from the porch to the other side boundary is measuring in at 14m

If these measurements sound about right to you and with your permission I can add these dimensions to the plans for you. Please confirm. If you would like me to send you the plan before I upload the application so you can double check the dimensions please let me know and ill send it over.

Thanks

Sian
