

ADC PARKS & GREENSPACE ARBORICULTURE CONSULTATION

FROM: Ian Brewster TO: Katherine Rawlins

PLANNING APPLICATION: AW/185/12/T

ADDRESS: Little Turrets 89 The Fairway Aldwick PO21 4BX

BRIEF DESCRIPTION: Cut 6 branches back by 10m to 1 No Conifer tree

INSPECTION DATE: 30th August 2012

RECOMMENDATION:

Objection ☒ No Objection ☐ Suggested Conditions ☒

Comment ☒ Recommendation ☒ Abate a Nuisance ☐

Tree Replacement ☐ Dead/Dangerous ☐ CA & Amenity Value ☐

Comments:

I have inspected the Monterey Cypress and understand the need for lower branch removal to facilitate access beneath its crown. There is scope to allow for some of the lower branches to be cut back to a minimum wound size without it affecting the remainder green outer shell. A suggested condition is provided below;

Condition for Limb Removal of one Monterey Cypress:

1) Six lowest limbs varying in diameters of 100mm to 160mm to be removed ONLY from the garden side to create a 2m clear distance from the ground to the next whorl of branches.

2) Wounds must be kept minimal by target pruning to the bark branch ridge/collar and cut to produce a smooth flat surface.

REASON

In order to ensure a satisfactory standard of tree surgery in the interests of retaining good health and amenity in accordance with policy GEN7 of the Arun District Local Plan'.

Ian Brewster
Arboriculturist
