Dear Dr Toogood,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Tree Preservation) (England) Regulations 2012

Application for Works to Trees(s) subject to a Tree Preservation Order(TPO)

Development:

1. species: Corsican pine (Pinus nigra)
2. plan: box symbol on plan (limb in question is shown by solid line)
3. description of works: 7 metre limb extending southwards from trunk at height of ca. 2.5 metres. Proposal is to reduce the limb's length by approximately 50 per cent. The reasons for this are based on the assessment of Richard Sinclair (tree surgeon of RS Landscapes) and Becky Kingdon-Butcher (Trees and Grounds Director of the Aldwick Bay Company) as follows: "We are both of the opinion that the Corsican pine mentioned above should have the large south facing bottom limb (overhanging the road) reduced by 50%. The reasons being the limb has sustained damage from vehicle strike, is growing heavier, and is dropping lower, therefore there is an increased risk of damage, and possible danger, of breaking and falling on to passing vehicles/ pedestrians."
