Ref Householder planning application Ref AW/188/19/HH

Dear Mark

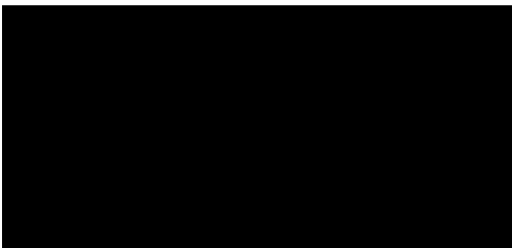

I understand you have visited site and discussed the issues with Tony Coopey last week, in respect to the work near to the large Eucalyptus tree in the rear garden, which is covered by the TPO Bognor 2.

Firstly, on behalf of the applicant I confirm the following, by way of a mini statement:

- 1) No trees are to be removed from within the application site.
- 2) The large Eucalyptus tree in the rear garden is the only mature tree near the proposed works.
- 3) The removal of the existing concrete areas adjacent to the above tree will be carried out carefully with small mechanical plant, no works will be carried out below a depth of 300 mm from existing ground levels.
- 4) During the construction phase the Eucalyptus tree and its root protection zone will be protected with temporary fencing.
- 5) Once item 3 is complete no use of heavy plant or storage of materials will be allowed within the RPA of any trees currently within 10 m from the existing house.

I trust the above is acceptable to you.

Yours sincerely
