Dear Beeney,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Tree Preservation) (England) Regulations 2012

Application for Works to Trees(s) subject to a Tree Preservation Order(TPO)

Development: One Holm Oak to the rear of the property. The tree is diseased and rotting from the inside following previously undertaken pollarding and pruning. Local Tree surgeon, Mr Kevin Wymbs, has recently inspected the tree and advised that the condition has deteriorated significantly since his last inspection in 2017 and recommends that the tree be removed. Photographs showing some of the decay to the main trunk and a primary branch are included in the attached documents. Close neighbours have also expressed their concerns over this tree and the risk to their property and will support this application. This application is therefore for consent to remove the tree and replace with another specimen tree; my preference being to replace with a Himalayan Birch in same general location.
