APPENDIX TWENTY TWO

AUGUST 2025

IMAGE OF THE RIGHT ANGLE IN THE FENCE
AS THE INCOMPETENT BOUNDARY LINE RUNS THROUGH
THE MIDDLE OF G9 T2.

1. Following the felling of G9 T1 earlier this year, I have been able to get a new fence put in nearer the boundary line with the horses paddock field.
2. The tree stump from G9 T1 is still preventing me from having access to the whole area of my land on that side.
3. The incompetently drawn up boundary line given permission in 1975 renders the several square meters that G9 T2 takes up absolutely useless, ... but Arun D.C. still charge Council Tax for it.
