Dear Mr Temple

The following letter is in support of the above Planning Application.

As the owners of 1, The Byeway both my wife and I have been concerned about the dangers to members of the public (and indeed to ourselves) should this tree fall. The Twitten is a very well used thoroughfare.

As you will see from this letter this tree is in a very poor condition.

Kind Regards
Brian Shorrocks

Mr Shorock,
1 The Byeway,
Aldwick Bay Estate,
Aldwick,
Bognor Regis,
West Sussex,
PO21 4EP.

26th July 2015.

Dear Mr Shorock,

With regards to my visit to your property, please find below the reasons I would recommend for felling the tamarisk tree on the boundary as discussed:

- 1) There is extensive rot at the base of the tree which enables you to see right through to the other side.
- 2) In the main fork of the tree there is a large split in the main branch work.
- 3) There are 2 main parts of the trunk of the tree which is barely keeping it alive.
- 4) Bearing in mind the tree is situated on a public footpath I do not believe the tree is safe.

Yours Sincerely,

Ian Stevenson.
